

Einschlägige Publikationsliste

Prof. Dr. Andreas Nascimento:

| Jahr | Quelle |
|------|--|
| 2017 | PATENT registration: Brazilian National Institute of Intellectual Property. "Ultrasonic Device and Method of Measurement of Concentration of Solids in Multiphase Flows" (deposited DIRPA - PQ006). |
| 2016 | MAGAZINE article: Journal of Energy Resources Technology. The American Society of Mechanical Engineers (ASME). "Reverse engineering: a new well monitoring and analysis methodology approaching playing-back drill-rate tests in real-time for drilling optimization". |
| 2015 | PATENT registration: Brazilian National Institute of Intellectual Property. "Non-Intrusive Magnetic Method and Device for Improving the Rheological Properties of Crude Oil". |
| 2014 | BOOK: Lambert Academic Publishing. Saarbrücken - Germany. "Operations Review and Drilling Optimization for the Brazilian Pre-Salt". |
| 2011 | MAGAZINE article: Energy & Fuels. American Chemical Society (ACS). "Study of the Factors Responsible for the Rheology Change of a Brazilian Crude Oil under Magnetic Fields". |
| 2010 | CONFERENCE article: Proceedings of the 5th International Bioenergy Congress. "Sustainability of Sugarcane Bioethanol in Brazil: the evolution of a successful case". |
| 2009 | CONFERENCE article: IV International Symposium on Environment Researches. "Technical and Economic Analysis of Electronic Waste Recycling". |
