Referral bonus

Dear applicants, students and alumni of the SIBE,

By recommending our study programs to former fellow students (from your first studies), friends and colleaques you have the opportunity to receive a reward. You can also apply for the referral bonus if you have created a business project in your or another company that serves as a study project as part of SIBE's study or doctoral programs.

If a new student is getting started with one of our programs SIBE-Management-Master – M.Sc. in International Management, German-US-Dual-Degree (M.Sc./MBA), SIBE-Digitalization-Master – M.Sc. in Digital Leadership, LL.M. in International Business Law, MBA Quantum Diploma, MBA Professional or our Doctor of Science in Leadership & Innovation (PhD) program, we will be happy to thank you for your recommendation with a referral bonus. If you have initiated a business project, it must be implemented in the aforementioned programs as a graduate or doctoral project.

The most important points at a glance:

- You recommend a student/study project
- The candidate mentions your name in their application/the project can be clearly traced back to you
- The Welcome Days have taken place/the doctoral student has started
- You will receive €250 transferred to your account!

There are a few easy steps to receive your referral bonus:

You can submit a referral bonus as soon as the student or doctoral candidate recommended by you has started his/her studies/doctorate at SIBE after the Welcome Days have taken place or the company project was started under one of the above-mentioned SIBE programs. For this purpose fill in the application form below. For us to be able to assign your recommendation to the new student/doctoral candidate, we will need her/him to mention your name during the application process.

Please send the completed form on page 2 to:

praemie@steinbeis-sibe.de

If you have any questions, please don't hesitate to contact Ms. Reichert via +49 (0) 70 32 – 94 85 – 20.

Thank you in advance for recommending our programs!

Your SIBE Team

Note

Please check the compliance guidelines of your company before submitting an application. In order to process and track premium requests, data on recommendations will be stored in our electronic database.

Please note that you may need to declare the voucher or cash flow in your tax return. We do not take responsibility for taxation.
